Embrace Every Moment

The flagship of the Subaru range and all new for 2015, the Subaru Outback wears its colours as the world's first All-Wheel Drive Crossover Estate with pride. The Subaru Outback pioneered a whole new genre back in 1995 as the first car to fuse the practicality of a passenger estate with the go anywhere nature of an All-Wheel Drive SUV. Built for the long haul but also built for the road less travelled, the new Outback really is a crossover for all seasons.

GET INVOLVED

All Outback models are covered by a 5 year/ 100,000 mile (whichever is sooner) Limited Warranty. [Terms apply.](#)
